CORRECTEK BUSINESS INTELLIGENCE DASHBOARD

Scheduled Release - Q1 2025

The CorrecTek Business Intelligence (CBI) Dashboard integrates CorrecTek Spark and Microsoft Power BI to provide advanced, interactive healthcare data analytics.

Monitor Compliance & Key Metrics

Track clinical trends, statistics, and ensure compliance with NCCHC, ACA, and/or internal standards.

Instant Access Anywhere

Access insights from any device with Microsoft Power BI—no login to CorrecTek Spark needed.

Interactive Analytical Tools

Filter data by classification, demographics, or clinical data.

Compare trends month-to-month.

Identify compliance concerns with color-coded tools.

Maximize Your Experience with the CBI Dashboard

Deeper Insights
Access sophisticated intelligence tools from your existing CorrecTek data.

Seamless Integration
Connect the CBI Dashboard to CorrecTek Spark with minimal setup.

Boost Compliance & Efficiency
Track key metrics and easily identify areas of concern.

Unlock Your Data's Full Potential
Leverage advanced analytics beyond the standard CorrecTek Spark reports.

Powerful Insights—Coming Q1 2025!
